INSTRUCTIONS

1. Place your contact information and the name, email, and phone number of the people that you want DODM to contact. You simply fill out 10 names, emails, and phone numbers if you are going to refer 3 people to DODM, and all 100 names if you want to generate additional monthly income, that's it, and you do this every month.
2. Create a folder on your computer or flash drive called DODM Referral Program. That way you can always refer back to this document to make future copies it or have it at your disposal.
3. Don't forget to place your contact info on the List of 100 People to Call: We use this sheet so we will know who you want us to contact, so we can give the appropriate credit to you and compensate you for your efforts. If you are going to continue every month making ongoing referrals, we will create an affiliate tracking code for you so that you will be able to log in and see all your referral contacts, sales, and commissions after your 10th referral.
